## OBJECTIVE

2+ years of professional experience in Front-End Development. Highly skilled in front-end development with pixel-perfect design and the use of the latest technologies and tools. Self-motivated and willing to take challenges to improve my skills with the success of the organization. Experience in leadership and team management.

---

## SKILLS

**EXPERTISE:** JavaScript, ES6+, React.js, REST API, HTML5, CSS3, Bootstrap, Tailwind, Ant Design.

**FAMILIAR:** Node.js, Express.js, Next.js, SASS, SVG, Redux, Typescript, MongoDB, Material-UI.

**TOOLS:** - Npm, Trello, Heroku, Firebase, Netlify, Figma, Git, GitHub, Chrome Dev Tools.

---

## EXPERIENCE

### Software Engineer Intern

CircleDi (2021 May – 2021 August)

Working there was a great experience. I was assigned as a project lead to manage 3 large scale projects there, which was e-commerce, blog, and selling websites.

### Frontend Developer

DeshIT (2019 May – 2021 May)

As a front-end developer, I've developed 5+ projects using JavaScript. I've gained a lot of experience in JavaScript by that time. It was fun to work with them.
